ASSIST BEDRAIL

ABRC Assist Bed Rail Chrome

The assist bedrail is an affordable solution in helping people sit up and get in and out of bed.

The assist bed rail has soft foam grip handle for easy gripping. It is very easy to install, slide the two tubes in on each side of the hand rail, align pins with holes and lock in place.

The foam grips which slides between the mattress and the box spring help secure the rail to most beds along with the strap set (provided).

Weight capacity - 250 lbs. (115kg.)
Height 18", Width 19", Length 35"
Scrath proof chrome finish.

NOT TO BE USED AS A BED SIDE RAIL

Not recommended for user having **restlessness**, erratic body movement, confusion, dementia, and altered mental status.

STRAP SET INCLUDED
